

## BioTime to Present at the BIO Investor Forum

October 13, 2016

ALAMEDA, Calif.--(BUSINESS WIRE)--Oct. 13, 2016-- BioTime, Inc. (NYSE MKT: BTX), a clinical stage biotechnology company with a focus on pluripotent stem cell technology, today announced that Adi Mohanty, Co-Chief Executive Officer, will be presenting at the BIO Investor Forum on Wednesday, October 19, 2016, at 2:00 p.m. Pacific Time / 5:00 p.m. Eastern Time. The BIO Investor Forum is being held at the Westin St. Francis Hotel in San Francisco.

The presentation will be webcast live and will also be available for replay at the "Events & Presentations" page of the "Investors & Media" section on BioTime's website at <http://www.biotimeinc.com/>.

### About BioTime

BioTime, Inc. is a clinical-stage biotechnology company focused on developing and commercializing novel therapies developed from what we believe to be the world's premier collection of pluripotent cell assets. The foundation of our core therapeutic technology platform is pluripotent cells that are capable of becoming any of the cell types in the human body. Pluripotent cells have potential application in many areas of medicine with large unmet patient needs, including various age-related degenerative diseases and degenerative conditions for which there presently are no cures. Unlike pharmaceuticals that require a molecular target, therapeutic strategies based on the use of pluripotent cells are generally aimed at regenerating or replacing affected cells and tissues, and therefore may have broader applicability than pharmaceutical products.

In addition to the development of therapeutics, BioTime's research and other activities have resulted, over time, in the creation of other subsidiaries that address other non-therapeutic market opportunities such as cancer diagnostics, drug development and cell research products, and mobile health software applications.

BioTime common stock is traded on the NYSE MKT and TASE under the symbol BTX. For more information, please visit [www.biotimeinc.com](http://www.biotimeinc.com) or connect with the company on Twitter, LinkedIn, Facebook, YouTube, and Google+.
