

## BioTime to Present at Noble Capital Markets' Thirteenth Annual Investor Conference

January 26, 2017

ALAMEDA, Calif.--(BUSINESS WIRE)--Jan. 26, 2017-- BioTime, Inc. (NYSE MKT: BTX), a clinical-stage biotechnology company developing and commercializing products addressing degenerative diseases, today announced that management will present a corporate overview at the NobleCon13 - Noble Capital Markets' Thirteenth Annual Investor Conference at the Boca Raton Resort & Club in Boca Raton, Florida, on Monday, January 30, at 11:00 a.m. Eastern Standard Time.

A high-definition video webcast of BioTime's presentation and a copy of the presentation will be available at [noblemediasite.com](http://noblemediasite.com) and on the Company's web site at [www.biotimeinc.com](http://www.biotimeinc.com). Microsoft's [SilverLight viewer](#) will be needed to participate. The webcast and presentation will be archived on BioTime's website at [www.biotimeinc.com](http://www.biotimeinc.com) following the event.

### About BioTime

BioTime, Inc. is a clinical-stage biotechnology company focused on developing and commercializing products addressing degenerative diseases. The foundation of BioTime's core therapeutic technology platform is pluripotent cells. Pluripotent cells are capable of becoming any of the cell types in the human body. Pluripotent cells have potential application in many areas of medicine with large unmet patient needs, including various age-related degenerative diseases and degenerative conditions for which there presently are no cures. Unlike pharmaceuticals that require a molecular target, therapeutic strategies based on the use of pluripotent cells are generally aimed at regenerating or replacing affected cells and tissues, and therefore may have broader applicability than pharmaceutical products.

BioTime common stock is traded on the NYSE MKT and TASE under the symbol BTX. For more information, please visit [www.biotimeinc.com](http://www.biotimeinc.com) or connect with the company on [Twitter](#), [LinkedIn](#), [Facebook](#), [YouTube](#), and [Google+](#).
